BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

Docket No: 06781-98
26 January 2001

LT [REDACTED] USNR

Dear Lieutenant [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 25 January 2001. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinions furnished by the Navy Personnel Command dated 16 May 2000 and the Bureau of Medicine and Surgery dated 29 September 2000 with attachments, copies of which are attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board was unable to find you should have received your commission on 12 May 1998, rather than 4 August 1998. In addition, they noted that the date of rank, 12 May 1998 in your case, does not necessarily match commissioning date. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official

records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director

CDR Cohn,
Thank you for responding so quickly. I do recall this, and yes those dates are correct. I was in the HSCP scholarship program since Sept 97. I had an active duty green card and was being paid as an e-3. So as far as pay purposes, I have been active since Sept 97 but was sworn in 4-13-98. Have a great day [REDACTED]

LT [REDACTED] earlier this month, I was sent a BCNR your submitted in Sept 16, 1998 (wow, wonder where its been all this time?). The BCNR requests that your commissioning date be changed to 12 May 98 from 4 Aug 98. Your file looks like your PEBD (Pay Entry Base Date - usually the day you are commissioned) is 4/13/98. Your ACBD (Active Commissioned Base Date or the date you actually reported to active duty) is 8/4/98. Are these dates correct?
